# PURELL Hand Sanitiser (GEL/FOAM)

## / Waterless Surgical Scrub (GEL)

**Only 1 PUMP - 1.1 mL  
of PURELL is required**

With only 1 pump PURELL Hand Sanitiser kills 99.99% of most common germs that may be present in a Dental Practice.

- 1 PUMP = 1.1 mL efficacious dose as Alcohol Based Hand Rub
- Designed for Healthcare market
- Registered in the ARTG, AUST R 212955 (gel), AUST R 209523 (foam)
- Contains 72% v/v absolute ethanol
- Dye, Fragrance, Preservative and CHG-free
- Proven to kill 99.99% of germs on hands, not just in the lab
- Clinically proven to maintain skin health<sup>1</sup>
- Contains multiple skin conditioners and emollients
- Comes in multiple dispensing platforms
- Available in refreshing gel and luxury foam
- 3 mL for 120 seconds as Waterless Surgical Scrub (gel)
- Compatible with GOJO® HAND MEDIC® Professional Skin Conditioner and other GOJO formulations

### ADA Guidelines

Use Alcohol Based Hand Rub

- in all clinical situations where hands are visibly clean
- between patient appointments and during interruptions
- after removal of gloves
- immediately before gloving for the next patient
- after shaking hands

# GOJO Hand Wash

Regular and Antimicrobial hand wash formulations to fit in various areas of your Dental Practice.

## GOJO® Mild Foam Hand Wash Fragrance Free

- Mild enough for high-frequency washing
- Kathons, Dye and Fragrance-free formula without any nasty preservatives that may cause skin issues
- Cleanses without drying out skin
- Hypoallergenic and dermatologist tested<sup>1</sup>
- GreenTag™ certified
- Ideal for general hand washing areas throughout the facility

### ADA Guidelines

Use Hand Wash:

- at the start of a working session
- after toilet breaks
- when leaving the surgery
- when visibly dirty or contaminated with proteinaceous material, or visibly soiled with blood or other body fluids
- DO NOT wash hands with soap and water immediately before or after using an ABHR as it may lead to dermatitis

## GOJO® CHG Hand and Body Wash with Chlorhexidine Gluconate 2.0% w/v

- Antiseptic hand wash for professional healthcare use and patient body wash
- Effective antimicrobial formula
- Contains 2% Chlorhexidine Gluconate (CHG) – a broad spectrum highly efficacious antimicrobial agent that kills pathogens
- Contains moisturisers
- Meets EN 1499
- Registered in the ARTG, AUST R 252892
- Ideal for all clinical hand washing areas

# GOJO Moisturiser

Use GOJO® HAND MEDIC® Professional Skin Conditioner as part of a complete hand care regimen to help prevent dry hands.

- Helps maintain skin's natural barrier
- Absorbs quickly with no greasy after-feel
- Compatible with all types of gloves
- Silicone-free, Dye and Fragrance-free
- Compatible with other GOJO and PURELL formulations
- Use before work, after handwashing during your shift, and at night

### ADA Guidelines

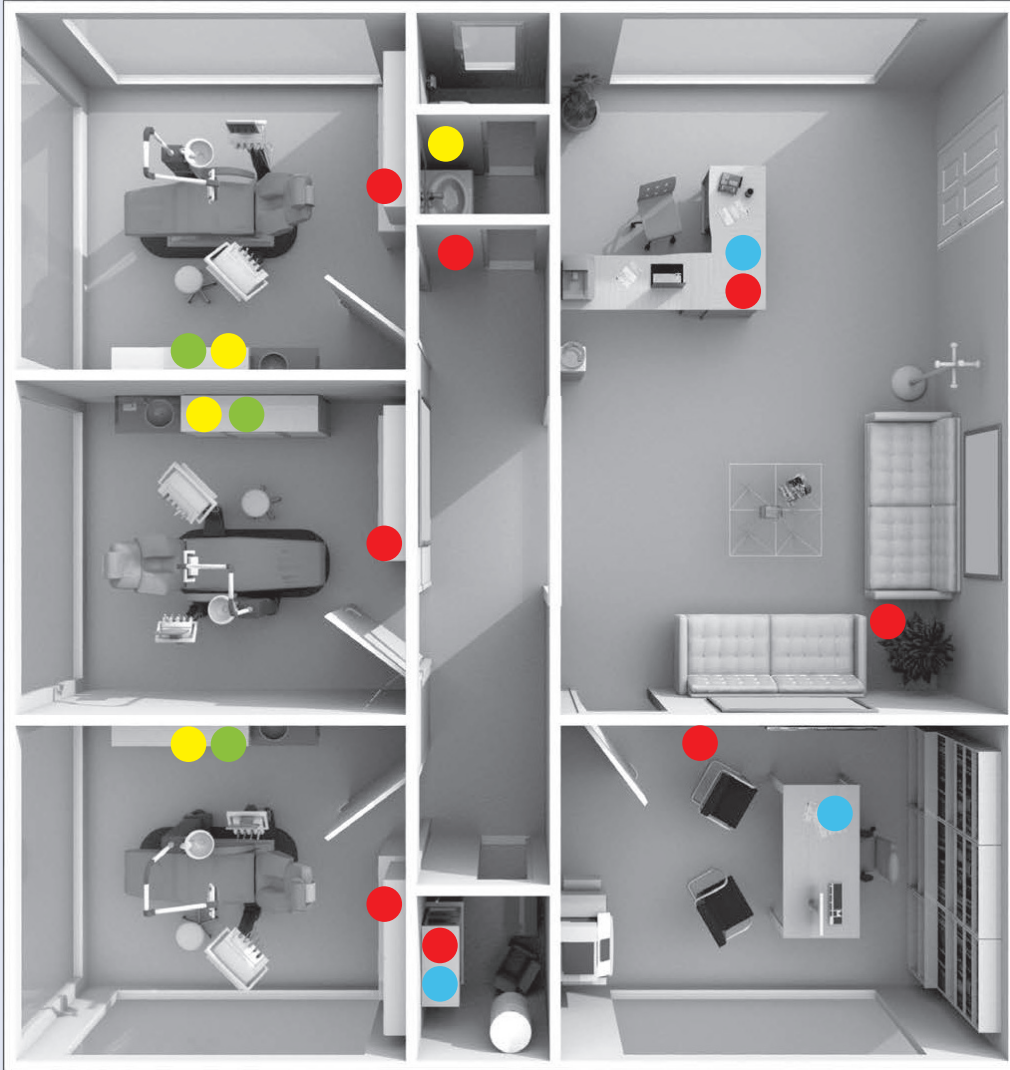

- Hands must be well cared for, because intact skin is a first line defence mechanism against infection
- Use hand moisturiser
- DO NOT put gloves on wet skin
