Steam Monitor Bowie & Dick Test Pack Disposable

54090
Box-10

- . Safe Check Bowie Dick Test meets the Australian Guidelines for Infection Protection and Control, AS 5369:2023, ISO 11140-1-4
- . Steam Penetration and Removal Test
- . To be performed at start of day

. NB "Equivalent test devices for Bowie-Dick type tests ISO 11140-6:2022 details a reference porous load against which the performance of various alternative porous indicator systems can be compared and verified as being equivalent (in section 4.2.3). Because of this, suitable devices may be marketed as being Bowie-Dick type tests, or as being "equivalent to a Bowie-Dick type test" under the ISO 11140 series of standards, especially Part 3: Class 2 indicator systems for use in the Bowie and Dick type steam penetration test, and Part 4: Class 2 indicators as an alternative to the Bowie and Dick-type test for detection of steam penetration".
